Dear 執事先生:

Thank you for your kindest response to the 'COVID-19 Emergency Appeal' in supporting our humanitarian works for the low-income families and the homeless people that are affected by the pandemic outbreak. Kindly find enclosed the official donation receipt for your record.

In response to the outbreak in Hong Kong, the Hong Kong Red Cross proactively offers various support to local community since early January. We provide infection control items to the vulnerable groups, offer psychological support to persons in need, provide emergency assistance to the persons under quarantine, and disseminate health and hygiene knowledge to the general public through different channels. Your generous gift enable us to offer support to more people that are affected by the outbreak.

On behalf of everyone here at the Hong Kong Red Cross and the beneficiaries, please accept our sincerest appreciation to you again for pampering us with goodwill and continual support which helps giving warmth and hope to the people in need.

Yours sincerely,
Communications & Resource Development Department
